# DISTINGUISHED SPEAKERS

The two-day Campaign Management School was designed to provide a comprehensive overview of campaigns and to train Republicans to win elections. Top notch political professionals and strategists were on hand to teach attendees the most successful ways to raise money, write winning campaign plans, organize volunteers and communicate with voters. Featured instructors included Carlyle Gregory, Vincent Harris and Holly Robichaud. (Hobichaud is a frequent contributor to the GFRW magazine—VOICES.)

Speakers for the General Sessions kept delegates enthralled, entertained and excited about entering the 2010 campaign season. The first general session featured our own Sue Everhart, Georgia GOP Chairman. The stellar list of speakers included: Charlie Crist, Governor of Florida; Michael Steele, Republican National Committee Chairman; and Benjamin Sasse, Former Assistant Secretary—US Department of Health and Human Services. The Sunday general session featured: Mason Weaver, President of Mason Media Company; Jackie Gingrich Cushman, author and syndicated columnist; and Angela McGlowan, Political Analyst, FOX News Channel.

A variety of workshops were available, opening with "Grand Slam Seminar" introducing the NFRW nominees for office—2010-2011. The clever baseball theme was organized around nine innings during which each nominee presented helpful hints and strategies attendees could take home.

Saturday afternoon workshops highlighted hot topics and informative speakers. Each of the four workshops was presented twice so that delegates had opportunity to attend more than one. Again, Georgia's Sue Everhart was featured in her workshop on "Campaigns: Why Women Don't Get Elected." Other workshop topics and presenters included: "Healthcare: How Healthcare Reform Will Impact America" with Bob Asztalos and Dr. Julio Gonzalez, "Membership - Members are Treasures" with Toni Anne Dashiell and Hazel Roman; and "Technology—Tides of Change" presented by Vincent Harris.

Luncheon speakers continued to "rev up" the throng and highlighted were Minnesota Governor Tim Pawlenty at the My Favorite Teacher Award Luncheon and Frances Black, President of the National Black Republican Association.
